- Dr. M R Pattabiram Director
The concept of legal education in India goes back to the Vedic age when it was essentially based on the concept of Dharma. The Kings either used to dispense justice themselves or appoint Judges to administer justice, not necessarily trained in law but who were known for their righteousness and justness and had the reputation of being fair and impartial.

According to Brihaspathi Smrithi, there was a hierarchy of courts in Ancient India beginning with the family Courts and ending with the King. The lowest was the family arbitrator. The next higher court was that of the judge; the next of the Chief Justice who was called Praadivivaka or Adhyaksha and at the top was the King’s court.

‘Law is the cement of society and an essential medium of change’. The significance of legal education in a democratic society cannot be over-emphasized. Knowledge of law increases one’s understanding of public affairs. Its study promotes accuracy of the expression, facilitates in arguments and skills in interpreting the written words and understanding of social values.

M. S. RAMAIAH FOUNDATION established - “RAMAIAH INSTITUTE OF LEGAL STUDIES” (RILS) in 2016 headed by Dr. M. R. Pattabiram, with over 30 years of rich academic exposure. It has a growth initiative and to cater to the increasing demand for globally competent legal professionals extending its domain of providing quality education in the field of Law. In order to ensure that students are effectively employable in a highly competitive environments, academic knowledge should be augmented by state of the art skills. RIFS focuses on developing these skills. These Value Added Courses will prepare the students to be competent and ready to deploy managers to the industry and corporate.

Chetan.U | JARO EDUCATION

MBA in Ramaiah Institute of Management Sciences (RIMS) is every student’s dream choice. I happened to choose RIMS for their high reputation of job placements and the training they provide to navigate the placements season and secure jobs in reputed companies. Anybody can read out from text books and call it a teaching, but there is no replacement for a teacher who can say “This is what I did and it lead to these results”.

Ismath Fariyal | Sodexo
Ramaiah Institute of Management Studies has been a great contributor towards an overall development of my personality. The best thing about the degree is having the freedom to think of an idea and test its practical application. Being a PGPM +MBA student the courses offered are diverse and cover all the management as well technical aspects with one foreign language-Japanese.

Salian Pooja Damodar  |  Coffee Day Beverages
